## Vixxo Projects Division

Things are always evolving and changing in your stores. From major equipment replacements across multiple locations, to total rebrands – change is something you can count on. That's why Vixxo created an expert team specializing exclusively in commercial facility projects.

This elite group works hard to ensure your projects are done on time, within budget, and up to the exacting standards your customers expect of your brand. When you have a project to complete in your locations, you can rely on Vixxo's expert service to deliver the best results.

### WHY:

- Managing facilities projects internally across multiple locations can be costly and time-intensive

### HOW:

- People, process and technology creating a methodology that is strengthened by our network of internal and external partners

### WHAT:

- Dedicated team specializing in commercial projects
- On-time and on budget delivery
- Resource relief for your team
- Expansive network of partners across the U.S. and Canada
- Reporting, real-time updates and documentation
